

# Guiding Students' Online Experience: A Collaborative Approach with Schools and Guardians

IntelliKeeper enables parents, guardians, and carers with tools that help monitor and manage their child's internet access on school devices outside of school hours. This ensures that children enjoy a safe online experience, no matter where they access their device.

.....

## Key Features

- ✓ Provides parents, guardians and carers with valuable insights into use of school owned devices.
- ✓ Temporarily disable student device access outside of school hours.
- ✓ Visual representation of breakdowns by category for most frequently visited websites.
- ✓ Organisational controls allow for customisation of guardian access to tools.
